Dear Praying friends, Just a brief update to let you all know our first trip into the jungle was phenomenal! Praise the Lord, on this first flight we brought in about 60% of the torches and then, today, on the second flight another 20% with the final 20% coming in tomorrow. God has so blessed! Thanks each and everyone of you who prayed for these flights and gave towards us being able to have and place these powerful tools.

We have already placed 12 Torches with the Dyecwana Church in Puerto Ayacucho and we gave one to an official out at the airport. The official was not planned, but while going through our stuff, the head official found one of the torches, not hard to do, when there were 1000 of them scattered through out everything, but anyway, he pulled it out. Looking closely at it, he asked me how many we had of them. I told him 1000. I quickly explained they were gifts from churches and other Christians to the Yanomamö and Dyecwana peoples. Keila and I showed him how it worked. He listen, or tried to, but when he heard it also had a Spanish Bible, he asked if he could purchase one. We explained they were not for sell, we only give them. To make a long story short, we did give him one. Our prayer with these Torches is that God would grant us wisdom in placing them to people whom God has already prepared to receive the message.

Thank you so much for your prayers. We have so seen God work during this entire trip from when we left Cosh on October 26, 2023 to our return on May 13 2024. So much has happened and you all, with your prayers and participation in this ministry has so blessed us. What an amazing God we serve!

We are humbled to have a small part in this ministry of bringing the Good News to the these forgotten peoples.

Thank you!

Michael and Keila
